Total Estimated Project Cost _____

On the contracted areas, the landowner agrees to:

1. Follow all applicable HPWMA landowner/implementation guidelines for project removals.
2. That renters or leases of property may only enter into agreements if such rights are granted by the owner or with owner consent.
3. To permit access to authorized representatives for planning and inspection purposes.
4. To disclose any and all other cost-share programs for HPWMA contracted projects on land and HPWMA is hereby authorized to verify any and all cost-share programming information.
5. Failure on the part of the Cooperator to comply with the terms of this contract will result in the High Plains Weed Management Association being relieved of responsibility for compensation for any lands and practices which are not in compliance with this agreement. In addition, return of any unearned payments or portion thereof may be required.

The landowner in signing this contract agrees to join as a participant in an invasive species management program and grants the HPWMA the authority to complete the invasive species removal or control or to personally carry out the management activities with financial or material support, as described in the attached Program Description. This includes allowing HPWMA and contractors hired to undertake invasive species removal or control reasonable access to the land for the purposes of carrying out these activities. The landowner agrees to cover its share of the project costs as described and High Plains Weed Management Association agrees to cover the project costs as described. By signing, all three parties below certify their acknowledgement that the above costs are an estimation of the total project costs. Whereupon any of the three parties believe or estimate the above described costs and/or payments will increase or decrease, the contractor will cease all project work and all three parties must sign an addendum to this contract specifying any and all changes prior to work commencing.
